

Pump House theatre stage surface repainting requirement

For hirers of the theatre space, at the end of their hire they are required to return the stage surface to a uniform matt black colour. We recommend the following:

Type – Matt Black Emulsion

Quantity - 5 litres to paint entire stage

Current paint recommendation as of January 2019:

Name - Leyland Black Matt paint

Source - B & Q

Cost - £28.

Notes: Please don't just patch areas. Please ensure sure you don't paint the rear white cyclorama fabric surface (Cyc), house tabs or masking.
