ARTS FOR EVERYONE

Over 50 years of entertaining Watford

The Pump House has been the vibrant hub for community arts activities in Watford for over 50 years. During that time, we've become known as the home to the best local talent. We mix the quirky and eclectic with popular, quality entertainment from theatre and music to dance, comedy, the spoken word and visual art.

We used to be the old pumping station supplying water to the Watford area. In the early 1970s the Victorian building was converted to provide a theatre auditorium and function room and we've been entertaining audiences ever since. We're all about arts for everyone – whatever your age or background.

We maybe a little theatre and arts centre but we've got a big heart. In addition to great entertainment offerings, we're here to nurture new talent and champion the power of the arts to transform lives and regenerate communities.

So if you're looking for somewhere a bit different to host your conference, fundraiser, staff party, AGM, product launch, team building workshop, training session or business meeting, then the Pump House is here to meet your needs.
